

# Fortex Naturele Cladding

Looks  
like  
wood

Fortex Nature Cladding is a V-Groove style cladding with the natural look of wood.

### **Innovative Technology**

This innovative product is manufactured using state of the art digital printing technology creating a façade that is hard to distinguish from real wood.

### **Authentic Wood Finishes**

- A beautiful range of authentic looking wood finishes of both traditional and contemporary grains imposed on to Freefoam's foam PVC cladding boards.
- A choice of six wood decors.

### **Ultra Low Maintenance**

Get the look of wood without the ongoing, time consuming cost of regular upkeep. Perfect for any new build house or home improvement project.

### **Easy to fit**

- Lighter and easier to handle than alternative solutions.
- Boards slot together with tongue and groove fixing.
- Can be installed horizontally, vertically or diagonally.

### **Range of finishing trims**

- A complete set of aluminium finishing trims available in a range of colours that perfectly complement the six cladding decors.
- RAL number referenced for accurate matching to other building elements.

### **Guarantee**

Fortex Natura is backed by a limited warranty of 10 years.

### **Sustainable Product**

Fortex Natura cladding is 100% recyclable.
